

Chapter 9. Local Water Supply Plan

Chapter Table of Contents

LOCAL WATER SUPPLY PLAN2

LOCAL WATER SUPPLY PLAN

Chaska's Local Water Supply Plan was completed in November 2016 and adopted by the City Council. The Plan serves as a guide for the maintenance and expansion of the City's trunk water system. The Plan was submitted to the Metropolitan Council and the Minnesota Department of Natural Resources for approval. A Capital Improvement Plan is included to help the City plan for both long-term and short-term needs.

A copy of Chaska's Local Water Supply Plan has been included in the Appendix section of the 2040 Comprehensive Plan. The Plan is also available on the City's website and on file at City Hall.
